Credit System

Each group attended by a non-member will be credited for the 'Tennis Year', so each group/matchplay you attend one pound will be put towards the membership of the club.

This will only last April to April.

Example; If you have attended 20 match plays or lessons by December, then we will put £20 towards you joining the club, which with the pro-rata rate would be £84.

If in that year you do not wish to join the club, the amount will be put forward for a social membership for the following year and the player will have to pay any extra to carry on coaching.

Social Membership is £20 per year, this enables you to use the bar and be able to hire the hall.

Season Start

The season will start with a Tournament on Tuesday 13th September at 6.30

This will be open to All. Non-members £5 and Members £2

This will be the 1st chance to earn credits!
